DETAILED ACTION

Reissue Applications

Claims 16, 33, 35, 36, 40, 42 and 43 are rejected under 35 U.S.C. 251 as being broadened in a reissue application filed outside the two year statutory period. Applicant filing this continuation reissue application to pursue cancelled claims from the reissue application 10/329,426 (first reissue). In the first reissue, an amendment dated 03/11/04 voluntarily canceled claims 16, 33, 35, 35 and 40-41. The patent 6,303,146 was issued 10/25/01, this reissue was filed 03/25/04, while the first reissue was still pending. No reissued patent shall be granted enlarging the scope of the claims of the original patent unless applied for within two years from the grant of the original patent. See MPEP § 1412.03 for broadening reissue practice. See also *In re Graff*, 111 F.3rd 874, 42 USPQ2d 1471 (Fed. Cir. 1997);

A claim is broader in scope than the original claims if it contains within its scope any conceivable product or process which would have infringed the original patent. A claim is broadened if it is broader in any one respect even though it may be narrower in other respects.
